

Dear H. C. S. C. Friends,

I really enjoy the spring season of the year. Everything new is bursting forth in countless colors, and baseball (my favorite sport) is getting started. I remember as a child getting new cleats and, possibly, even a new glove. That was a special time in my life. Maybe you have other memories of this time of year that are especially meaningful to you. I trust so!

I hope there is some “newness” in your lives. We should all try to continue to live our lives as best we can to the fullest extent possible. One great way to do that is to join us in Sacramento, CA from September 28-30 for our National Convention.

We have a wonderful venue at the Hyatt Sacramento, and some terrific tours planned. Response for these has been excellent. Check the HCSC website – [jcpalumniclub.org](http://jcpalumniclub.org) for a list of those who’ve already signed up for the convention, and make your plans to come and fellowship with all the attendees. And, we can celebrate the pinning of our Fifty-year Pin honorees.

Please continue to submit articles on your Local Meeting Group’s activities, so we can include them in future editions of Partners.

Hope to see you in Sacramento!

Phil
