

To: HCSC Southwest Members 12/10/2010

Dear Members and Prospective Members,

Welcome to the H.C.S.C. Southwest Local Meeting Group's page on the National Club's website. If you are a member, I hope you find it helpful and informative. If you are not a member but would like to join, please print and mail the application on this site to the indicated National Club address. Just include "Southwest" on the application as your Local Meeting Group. We would love to have you. **It's free for the first year, so just mail us the application.**

Our Mission Statement is to encourage our current and future members to be actively involved in the club and Club activities. It is our goal to get more of our newer retired members more active in attending the events and taking advantage of the friendship and camaraderie available to them.

And of course, we will ask all of our members to help us recruit new members, both those who are retiring soon and those who have been retired for some time to join our ranks, and especially to re-join us if they have left our ranks.

Included on this site is a great deal of information on the National H.C.S.C. Club. If you haven't joined the National Club, I encourage you to do so soon.

As a group your officers intend to do our best to make your club the best and to stay focused on the fun factor.

Hope to see you soon.

Tom Clarke
